## DETAILED ACTION

### *Reissue Applications*

This application is objected to under 37 CFR 1.172(a) as lacking the written consent of all assignees owning an undivided interest in the patent. The consent of the assignee must be in compliance with 37 CFR 1.172. See MPEP § 1410.01.

In the present application, there is no indication as to who is signing. A typed name must appear to identify who is signing.

A proper assent of the assignee in compliance with 37 CFR 1.172 and 3.73 is required in reply to this Office action.

The reissue oath/declaration filed with this application is defective because it fails to identify at least one error which is relied upon to support the reissue application. See 37 CFR 1.175(a)(1) and MPEP § 1414.

In the present reissue oath/declaration, the error is not recited in a manner that is specific enough. A new declaration is needed that specifies what is lacking from the patented claims and what language has been added to the new claims to correct the error.

Claims 1-71 are rejected as being based upon a defective reissue oath/declaration under 35 U.S.C. 251 as set forth above. See 37 CFR 1.175.

The nature of the defect(s) in the oath/declaration is set forth in the discussion above in this Office action.

Any inquiry concerning this communication should be directed to Mark Hellner at telephone number 703 306 4155.
